RANGER ALLIES PACK #1

INTRODUCTION

In their quest to defeat the evil that threatens our world, sometimes the Power Rangers need a little help. That's where their allies come in!

Enhance your game with five new playable characters from across time and space: Ninjor, Zeo Gold Ranger, Phantom Ranger, Magna Defender, and S.P.D. Shadow Ranger.

These allies all have their own play styles and unique Zords!

INTEGRATING EXPANSION CONTENT

This expansion adds new Ranger and Zord options. Follow the rules in the back of the base game rulebook (p. 17–18) for adding new content to your games.

Some of the new playable characters are not technically Power Rangers in the source material. However, for the purposes of this game, they are considered to be Power Rangers.

ZEO GOLD ABILITIES

This expansion introduces Zeo Gold abilities (Ξ), which appear on combat cards. Each of the two different Gold Rangers has a different way to resolve Zeo Gold abilities.

Your character card will instruct you how to interact with Zeo Gold abilities. The *Golden Power Staff* card allows you to interact with these abilities as well.

CLOAKING DEVICE

The Phantom Ranger has an ability called Cloaking Device, which allows him to vanish from sight and reappear elsewhere. When he vanishes, his figure is temporarily placed on his character card, until he reappears in the midst of battle.

While his figure is on his character card, the Phantom Ranger is not considered to be in any location or participating in any battles. However, his combat deck contains certain cards that can be played in battles that he is not participating in.

If you are controlling multiple Rangers, and the Phantom Ranger is one of them, using the Cloaking Device ability affects both of the Rangers you control.
