

SEARCHING

Once during each of your turns, you may flip the top card of the main deck face up. If it's an adversary or Villain with an Attack, trigger the Attack ability against you immediately as if you were activating the card. Then you may buy the card, and if you do, you may immediately attach it if you have a matching empty slot.

Adversary cards revealed via Search may be bought and attached to any Hero or Villain slot, or you may Battle it instead as if it were in The Grid.
